

Whitewash From the Red Dean

Theme song of a Thanksgiving Day cook: Home on the Range.

It may have been Turkey Day for everybody else, but for the Bobcats yesterday was the day they brought home the bacon—closing a season of 10 victories and 2 defeats for an .833 percentage, one of the all-time great records of Hope High School football.

In a Winnipeg (Canada) speech this week the Rev. Hewitt Johnson, known as England's "Red Dean" of Canterbury, challenged the statement of a U. S. congressional committee that a person can't be a Communist and also believe in God.

The "Red Dean" then came up with this definition of Communism: "From each according to his ability, to each according to his needs."

That is an accurate statement of an economic untruth.

The Dean is in the paradoxical position of being literally correct while his own economic philosophy is along toward bankruptcy. That is, he knows what Communism is, but doesn't have enough practical sense to understand what it means in terms of a once-great but rapidly declining empire.

England will come out of it, however, if for no other reason than that the Dean's own reputation as a leader is so shabby that he has to come over here to find an audience.

It is always that way with men who are so busy polishing words that they never have time to apply them to useful thoughts.

One useful thought would be this: There is more food in the world than ability. It is obvious that if you take away all the inducement for the latter you will have a situation where instead of only part of the people being hungry they will all be hungry.

About Opinion Polls

Opinions Pro and Con Still By JAMES THRASHER

A continuing trend of the election polls has produced us to add a postscript to our last word on the subject. Among the to-doists are Rep. Sid Simpson of Illinois (Republican), who wants a law to bar such polls from the mails, and a newspaperman named Charles Abrams (obviously not Republican) who wants the whole polling system investigated by a Senate committee.

Mr. Simpson says that polls "excite a certain bandwagon psychology that is not in the country's best interest." Mr. Abrams, who seems to think the surveys are rigged, says that "a biased poll may not only influence voters but precipitate a bandwagon rush of politicians, campaign contributors and others."

Apparently these gentlemen have hastened to condemn the polls without examining the election results too closely.

Governor Dewey had generally been conceded the election by many astute Democrats as well as by Republicans and pollsters, from the day that Mr. Truman was nominated. Let Mr. Dewey, a sure thing, got the smallest Republican vote since All Landon.

Obviously and hopelessly outclassed, made the run in 1939. (As a matter of fact, the Literary Digest poll of that year didn't start any rush for the Landon campaign, either.)

Mr. Abrams doesn't stand with accusing the 1948 "biased" polls of pushing the bandwagon that never started rolling. He also accuses the Gallup and Roper for "polling" on international questions and "asking questions about intervention versus isolation," "playing with people's lives."

Further, says Mr. Abrams, "the poll is a scientific measurement of what people think, with one of its functions, the inducing of public action." The Gallup poll, for one, has never made such a claim, nor have we seen it made by other pollsters.

The poll does not "now" make any new claim to science. Current methods have always been scientific, although, as we have suggested before, they may have become more exact with practice and experience.

No one, we feel sure, is more interested in finding and correcting the errors that produced the king-size election losses than the pollsters themselves. And to turn political surveys from the mails would serve no purpose beyond endangering freedom of opinion and of the press. A Senate investigation might well have a similar result.

Mr. Abrams also quotes a magazine writer's suggestion that polls be undertaken by non-profit, tax-exempt or endowed agencies. We support any virtue in that, either. The pollsters are in a competitive business. They stand to lose business and income by their election errors. The desire to conceal, on those losses, is, we think, as good a stimulus as any for producing more efficient and accurate samplings in the future.

Local Farm Bureau Group Attend Meet

The Arkansas Farm Bureau Association Convention in Little Rock was attended by U. S. Senators of Sherry Springs, Melvin Fowler of Washington, Ivan Wright of Sherry Springs, and William Schindler of Hope, the 1949 officers of the Hope High School Organization.

The details of the Farm Bureau Program will be carried by every township of Benton County, reports Mr. Wickham, president.

French-Fried "Briks"

"Briks," are a popular food in Tunisia. They are made by dropping a raw egg in a mixture of pastry, taking it out, and then French-frying.

U. S. Hangs 14 German War Criminals

Landsberg, Germany, Nov. 26 — (UP)—Fourteen convicted German war criminals were hanged by the U. S. Army today at Landsberg prison.

Emil Plessner, keeper of the "rose garden," where inmates of Buchenwald concentration camp were slowly starved to death, was among those hanged.

Storm Trooper Plessner was charged with feeding cabbage poisoned with strychnine to 35 prisoners in the last stages of starvation.

The executions brought to 220 the number of Germans who have paid for their cruelties in the stone prison here.

In addition to Plessner, the following were hanged: Friedrich Wilhelm, 58, medical sergeant of Buchenwald; Heinrich Schmitz, 52, civilian doctor of Flossenberg concentration camp.

Oskar Tandler, 57, gas chamber operator at Mauthausen concentration camp.

Heinrich Baumann, 38, secretary of the Würzburg criminal police. He took four United States fliers from the civil police, shot one of them personally and ordered the others put to death.

Fritz Miroff, 46, SS lieutenant in the Mauthausen concentration camp. He beat and shot inmates to death.

Erhard Purucker, 35, SS mess sergeant at Mauthausen. He poured scalding water on inmates working for him.

Franz Auer, 37, SS sergeant at Mauthausen concentration camp.

Richard Kocher, 32, labor sergeant at Buchenwald, shot eight to death after using them in a forced march at Flossenberg in April, 1945.

Hubert Krautwurst, 24 SS sergeant and gardening supervisor at Buchenwald. He forced inmates to kneel on barbed wire until they developed infections and died.

Albert Hammer, 40, SS lieutenant who participated with Baumann in the murder of American fliers.

Andreas Ingerband, 46, murdered an American flier.

Hans Mooser, 42, was primarily responsible for the starvation diet at Nordhausen concentration camp.

Karl Adam Kirchene, 40, was sentenced for ordering an American flier shot at his headquarters near Rugles, France. He witnessed the murder.

At the minute reprieve saved Richard Schulze, 50, criminal police counsel in the office of Ernst Kaltenbrunner, security chief, who issued orders in 1944 for the killing of all captured U. S. and British fliers.

The hangings took slightly more than two hours on a bright, cold day.

Congress May Drop Contempt Action

Washington, Nov. 26 — (AP)—Congress apparently will drop contempt action against some 60 persons who refused to say whether they are or ever were Communists.

There are three reasons:

1. The Justice Department has passed the word informally that it's best to lay off until its own cases against the 60th Congress, but that the 81st couldn't cite anybody except for contempt against itself.

2. The House committee involved — labor and un-American activities — probably couldn't get their members together before the end of the year to act on contempt citations.

3. House legal experts doubt that contempt action begun in the present Congress could be carried over to the new one. Their curbsome union is that any contempt involved was against the 60th Congress, but that the 81st couldn't cite anybody except for contempt against itself.

The labor committee was considering contempt action against union spokesmen who were witnesses at investigations to determine the extent of any Red infiltration into their organizations. During the hearings around 40 persons refused to answer the big question — whether they were or ever had been Communists.

About a score more declined to answer the same question at last summer's hearings of the Un-American Activities committee.

Effect of the witnesses' claim that answering the question would tend to incriminate them and that would be unconstitutional.

Justice Department officials who talked things over with committee leaders have said that, if the 81st Congress takes over January 3, there may be no way to keep the cases alive.

Holiday Deaths Pass 100 Mark

By The Associated Press

The nation's death toll from violent accidents over the Thanksgiving Day holiday passed the 100 mark, a survey showed today.

The total of 108 fatalities from violent accidents was reported by 6 p. m. (CST) Wednesday to mid-night Thursday compared with a violent death toll of 126 for Thanksgiving Day last year. On the same holiday in 1946 there were 83 deaths from violent causes.

About two-thirds of the fatalities on the holiday resulted from accidents on the highway. The survey showed that 81 persons lost their lives in traffic mishaps. The other 27 died in accidents from miscellaneous causes, including drowning, plane crashes and falls.

The National Safety Council did not make an estimate of the probable number of deaths by accidents for the period.

The toll by states, listing traffic and miscellaneous:

Arizona 2-0; Arkansas 1-1; California 3-1; Colorado 3-1; Connecticut 2-0; Idaho 4-0; Illinois 3-1; Indiana 6-0; Iowa 7-1; Kansas 4-0; Kentucky 1-0; Maine 1-1; Maryland 1-2; Michigan 2-4.

Missouri 4-0; New Jersey 2-4; New York 7-0; Ohio 6-5; Oklahoma 4-0; South Carolina 10; Tennessee 2-0; Texas 3-1; Utah 1-0; Washington 2-0; Wisconsin 15; District of Columbia 1-0.

Administration Has Substitute for Labor Law

Washington, Nov. 26 — (AP) — The administration is preparing a substitute for the Taft-Hartley Labor law with built-in compromises to meet possible objections from Congress and industry.

This, it was learned today, is the plan being followed by a five-man lawyer team assigned to draft the new law.

1. Write labor legislation which can be sent to Congress with Mr. Truman's blessing, and

2. Write alternatives for several sections of their draft, as possible substitutes, guarded secrets. But it was planned to file the list of the suggested new law with President Truman's aides by Monday.

Exactly what it will contain is a carefully guarded secret. But it was reported to call for reinstatement of most of the old Wagner Labor Act, plus some modified Taft-Hartley provisions.

Secretary of Labor Tobin — in charge of looking up Mr. Truman's pledge to replace the Taft-Hartley Act with a "fair" labor law — has said he expects to see advice from industry and labor.

The drafters' work probably will be charged, in some respects, at least, on the basis of these talks, with further change likely in Congress.

That is why alternate drafts of the most controversial parts of the labor legislation are being drawn up.

Right now the drafters expect Taft-Hartley repeal and a substitute to be offered to Congress in a single bill.

The measure doing the drafting job are William S. Tyson, Labor Department solicitor; Kenneth McKeljohn, the department's liaison officer with Congress; Red W. Livingston, labor-management consultant; Charles Donohue and Kenneth Robertson, Labor Department attorneys.

Boat Blast Fatal to One Person

Helena, Nov. 26 — (AP) — One man was killed and five others injured, two gravely, when a river cabin cruiser was demolished by an explosion here today.

The cause of the craft were preparing to start up the Mississippi river on a duck and goose hunt when the explosion occurred.

The blast apparently centered in the rear of the cruiser where there was a tank of liquid gas. Exact cause was not determined.

E. E. Askew, West Helena lumber dealer, was killed. He was in his 70's.

J. C. Campbell of Onitca, recently reported to the Arkansas Game and Fish Commission, suffered fractures of both legs and other injuries.

Dr. W. R. Orr, Helena, a retired physician, suffered from shock and a fractured fracture of the right hip. Physicians feared he might lose his right foot.

Conditions of Campbell and Orr were described as "very serious" at a hospital here.

W. H. West Memphis, a district game warden, suffered cuts about the face. Wheatley Cook, Barton Area, farmer suffered a few cuts.

The pilot, identified only by his last name of Graves, also suffered cuts and a probable fracture. None of the three apparently was injured seriously.

Cook was on the dock preparing to cast away a duck when the explosion occurred. All others were occupants of the craft.

The accident occurred about 10:30 a. m., approximately an hour and a half before opening of the Arkansas duck and goose hunting season at noon.

Hiding Pumpkin

This ambitious pumpkin grew 15 feet up in a walnut tree at the Guy Camp home in Conway, Arkansas. Eliot Farris, a neighbor of the Camps, examines the pumpkin. The pumpkin's presence was unsuspected till the autumn leaves had fallen from the tree.

Scout Fund Climbs to \$2,460.50

Some Boy Scout solicitors have not yet completed their work due to difficulty in contacting some prospects. The Finance Committee urges everyone to contact Roy Anderson or Royce Weisenberger if they have not been solicited by some volunteer worker, as the committee is very anxious to complete this campaign.

Solves Problem of How to Stay Healthy All Over — Find Group of Hypochondriacs

By HAL BOYLE

New York, (AP) — How to be healthy all over—instead of being unhealthy in one place at a time? I have finally solved this problem. The answer is to find a group of hypochondriacs. Then do what they do.

Hypochondriacs are people who imagine they have illnesses—any or all illnesses. And they are all around you. There are more hypochondriacs in America than there are Republicans.

Before I began consulting hypochondriacs I never knew what real health was. I made vague unguided solo attempts to keep fit and well.

I read so many books on how to make the best of my physical condition that finally I had to wear glasses for eyestrain. I took my morning showers to make me more rugged. All I caught was a cold. I took to hitting barbells for exercise. What happened? I had to take a day off each week to rest.

This was getting me nowhere. I was worn out, run down and sleepless from trying to stay healthy. After I began consulting hypochondriacs, I never knew what real health was. I made vague unguided solo attempts to keep fit and well.

Belhaven Choir to Sing Here

The Belhaven College Choir of Jackson, Mississippi, will appear in Hope on Friday evening, December 3, according to an announcement by college officials. The singers, who will present a program of Christmas music, will sing under the direction of Harold V. Avery, head of the Belhaven Music Department. Accompanying for the group is Miss Mary Taylor, Sanderling, who is also a member of the music faculty.

Director Avery has stated that the program of sacred songs will include Christmas music from Czechoslovakia, Russia, Germany, Portugal, and the mountains of Kentucky, as well as classical Yuletide selections. Several soloists and the Belhaven octette will be featured on the program.

The appearance of the choir in Hope is one in a series of Christmas concerts which the singers are presenting during a five-day tour of North Mississippi, Arkansas, and Louisiana. The public is cordially invited to the program which will be presented at the First Presbyterian Church at 7:30 o'clock.

Madame Sklodowska Curie is the only person in the world to have won the Nobel prize twice, and the only woman to have won it in the sciences.

Concert Drive to Open Here on Monday

The Hope Community Concert Association will conduct its first annual membership campaign from November 29 to December 4. Every person in Hope and the immediate vicinity is invited to join this association.

A minimum of three concerts will be presented and the selection of these artists will be made by a local committee on the basis of the choice by each of the members.

The membership dues for the entire season are only \$6.00 including tax, for adults; and \$3.05, including tax, for students. However, you must join during the campaign week because no members will be allowed to join after December 4. There will be no individual tickets sold at the door the night of the concert. Only members will be allowed to attend.

During the week of November 29 to December 4, many volunteer workers will help with the membership drive. A complete list of names of workers will be published before the campaign and you may purchase your membership from any one of them.

Headquarters for the Hope Community Concert Association during membership campaign week will be in the Hope Chamber of Commerce. If you want to assure yourself of your membership, you may write to Miss Marian Moulder, Chamber of Commerce, Hope, and she will put your name on the priority list. We suggest you do this because the membership will be limited to 200 adults and 150 students. When you write to Miss Moulder don't send your check, just give her your name and the number of adult and student memberships you desire. Then during the membership campaign a representative of the Hope Community Concert Association will call on you and give you your memberships.

Should you wish to telephone, the telephone number is 949.

Similar Community Concert associations are operating successfully in 40 other Arkansas cities: Arkadelphia, Batesville, Conway, El Dorado, Fayetteville, Fort Smith, Hot Springs, Jonesboro, Shreveport, and Time Bluff. Each of them presents a series of four to five concerts for their members. Remember: The more members, the more concerts.

Anyone wishing to help with the membership campaign may do so by calling Alice Shuster at the Chamber of Commerce.

Grafting or Seed

Because apple varieties are propagated by budding or grafting, they do not reproduce true to type from seed, according to the Encyclopedia Britannica.

Survey Shows Price Drop on Dairy Products

By United Press

Prices on all dairy products except eggs have dropped markedly during the last two months, a survey of more than 20 cities showed today.

The survey showed that from Sept. 28 to Nov. 24, the average price on milk has decreased 3-10ths of a cent per quart, butter 6.3 cents a pound, margarine 3.3 cents a pound, and American cheese 3.1 cents a pound.

The average price of eggs in the cities surveyed increased 4.3 cents a dozen during the same period, however.

The Agriculture Department reported this week that the drop in dairy prices from September to October was the sharpest on record for this time of year when prices on these foods usually increase.

Dr. Cliff D. Carpenter, of the Institute of American Poultry Industries, said egg prices rose because they were the only ones to follow the usual seasonal trend.

He explained that the peak on egg production in April, May and early June. Layers begin molting later in the year and stop laying in September. Production and supply are at their lowest from Sept. 15 to Dec. 15 with a consequent increase in prices.

Spokesmen for the industry across the nation denied that the decrease in other dairy prices was caused by increased consumer resistance. They said the price drops stemmed from unusual situations within the industry itself.

Russell Fifer, executive secretary of the American Butter Institute, said the decreased prices on butter resulted from over-production early this year of cheese and evaporated milk. He said producers of those items realized they were over supplied so they sharply reduced production, making more milk available for butter and thereby reducing prices on the bread spread.

Fifer was one of the executives who denied that consumer resistance was responsible for the price cuts. He said the average worker now pays only 50 per cent of his household bill for food as compared with 60 per cent in 1944 and 1945 and 95 per cent in 1920.

Milk prices are falling so rapidly in Cleveland that the Agriculture Department scheduled a meeting for Nov. 27 at Washington to place a floor under the market.

Most trade sources said they expect the downward trend to continue for a little while and then prices will level off for some months before rising again slightly. They said a slight decrease in egg prices could be expected about the beginning of next year.

Polish Economy Pressure Plan Refused by UN

Paris, Nov. 26 — (AP) — The United Nations assembly debated today a Polish resolution to forbid economic aid to any nation against the domestic or foreign policy of Poland.

Poland's Dr. Oscar Lange carried the ball in the debate for the Slav bloc of nations bitterly attacking the European Recovery plan (ERP) as an American "economic cold war" against the Eastern European countries.

Lange contended the use of "economic power to influence the policies of another country is inadmissible."

The vote on the resolution was 33 to 6, with Russia and the Eastern bloc alone supporting it.

Willard J. Thorp, an assistant to European recovery.

Lange charged that some countries cannot sell materials to some other countries for reasons of military security, demanding:

"Is the refusal to sell gramophone records and such a part of military security?"

Thorp denied there has been any American attempt to dictate other countries' export policies.

Dr. A. A. Arturimian of the Soviet Union said the United States "applied discrimination endeavoring to use export trade as a tool of foreign policy." The Russian delegate said the United States controlled exports in "such a way as to discriminate against the Eastern European countries and the U. S. S. R."

Mr. Thorp doesn't deny that discriminatory policy, but merely attempts to justify it. Arturimian said.

In political committee No. 2, Yugoslavia challenged the right of the assembly to recommend that the security council drop the Big Five veto power, or even to vote on an Argentine resolution aiming at the elimination of the veto on the ship applications.

Yugoslav Delegate Laco Matic asked a vote on whether the assembly had the power to take such a vote. He was supported by France and Poland. Col. W. R. Hudson of Australia said it was the first time the right of the assembly to vote on a resolution had been challenged.

The Polish proposal recommended that all members "eschew the use of economic discrimination designed to apply sanctions to other countries or to influence their domestic or foreign policy." It was offered first in the economic committee, but was not voted on. Poland then took it to the plenary session.

Thorp said the United States would not supply materials to build up military potentials of countries "which have failed to cooperate in international efforts to restore confidence in money and security."

The American delegate added that some countries "more or less voluntarily decided not to join" in the ERP. These countries, he said, complain that they cannot employ some of the assistance from the United States which they actually are receiving.

There is no American dictation of the export policies of any country, Thorp said.

Madam Clementine, French minister of Czechoslovakia, against the United States of pursuing an discriminatory trade practice. "The political tool" if used by some delegates expressed fear of the United States and added that "actually these fears were created by the United States."

Calls for Defense

Director Russell J. Hopley, above, of the Office of Civil Defense Planning, recommended a "permanent peacetime system" of civil defense in a report to Defense Secretary James Forrestal.

Hopley's report called for national, regional, state and community defense teams, organized to deal with all forms of warfare, including chemical and radiological.

Polish Economy Pressure Plan Refused by UN

Paris, Nov. 26 — (AP) — The United Nations assembly debated today a Polish resolution to forbid economic aid to any nation against the domestic or foreign policy of Poland.

Poland's Dr. Oscar Lange carried the ball in the debate for the Slav bloc of nations bitterly attacking the European Recovery plan (ERP) as an American "economic cold war" against the Eastern European countries.

Lange contended the use of "economic power to influence the policies of another country is inadmissible."

The Polish proposal recommended that all members "eschew the use of economic discrimination designed to apply sanctions to other countries or to influence their domestic or foreign policy." It was offered first in the economic committee, but was not voted on. Poland then took it to the plenary session.

Iron Curtain Raised for Balkan Jews

Prague, Nov. 26. —(UP)—Russia's satellites have raised the iron curtain for Jewish emigrants to Palestine.

They not only are permitting all Jews who wish to leave for the Holy Land, but in some cases are helping them on their way.

By the end of the year, at least 5,000 will have left from each of the six satellite countries—Czechoslovakia, Hungary, Poland, Bulgaria, Yugoslavia and Romania. The total ultimately may exceed 10,000.

All non-Jewish emigration from eastern Europe has been checked off. Would-be travellers find themselves subjected to weeks of red tape and frustration. Even Communists frequently are denied passports.

But throughout eastern Europe, Jewish welfare and Zionist officials reported that governments are readily issuing passports to Jewish emigrants, letting them take all or most of their belongings, and helping them with transportation.

Youths of military age are included in all groups heading for the Holy Land. Frequently they outnumber the children and the elderly.

The situation by countries: Czechoslovakia—Uri Lichwitz, Israeli press attaché, said every Jew who applied for a passport was sure of getting one. Welfare officials said the Czechs have been liberal on Jewish emigration.

Hungary—The rush of applicants was so great that a temporary halt had to be called last week. But officials said that the emigration office would reopen as soon as the current batch of applications has been cleared.

Poland—"A very large" transport will leave for Israel next week with Polish Jews. Jewish sources said that some temporary trouble over emigrants taking belongings with them, has been ironed out.

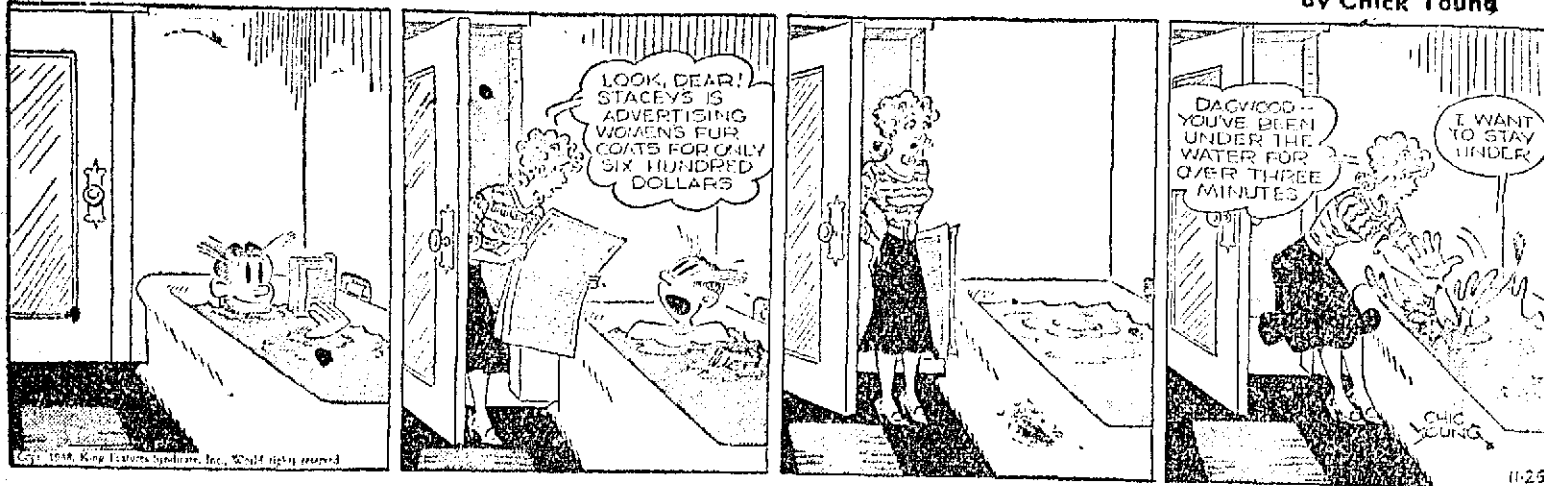

Bulgaria—Some 7,000 Jews have left for Palestine since 1944 and a total of 10,000 will have gone by the end of the year, leaving some 20,000 Jews in Bulgaria. Jewish sources said Bulgaria is issuing passports without question to every Jew with a place on the quota.

Yugoslavia—Five thousand Jews will leave Belgrade this week. None will be permitted to take currency, but each will have his personal belongings. Only professional men and technicians are denied permission to leave because they are needed in Yugoslavia.

Fair Enough

By Westbrook Pegler
Copyright, 1947
By King Features Syndicate.

Now that it is all over, I wish Mr. Truman would tell me where he saw those 75-cent lamb chops that he talked so much about.

For a long time, fair to good lamb chops have been steady to brisk at a unit in the humble inn where room-service mothers may modestly want and we seldom speak of steak because even a thread-bare little sheet of semitender muscle of a size and texture suitable for black-eye therapy is \$3.50. The regular steaks are practically out of print because they start at \$4 for the minute version, which is not a measure of time but an old French proverb meaning "How did you find the steak?" Oh, I found it under "one of the peas." Beyond that, steaks go into the metaphysical realm of the non-committal maybe. It is not a subject for the waiter, but one for agents and negotiation.

If you are really serious, the thing to do is go to a licensed broker and get him to scuffle around and bring in a set of offerings. Even the Stork Club doesn't carry days as an article of trade these days any more. I understand what that means when you remember that the Stork has been practically the inner-sanctum of the State Department, the F.B.I., the supreme court and the selfless secretariat of the White House for 10 years.

The menu doesn't invite your interest in steak, it snarls: "broiled filet mignon, Baltimore, \$5.00." Filet mignon means steak, but I understand the Baltimore effect is that it means a piece of meat that has been read about in the Baltimore when Henry Menckens was in fauntleroy and taking violin lessons. There is no such thing as a Baltimore steak, but it might as well be, because nobody ever asks any particulars, at \$5.

If Mr. Truman does know where his lamb chops go for 75 cents, just what is his position on that, anyway?

It is just as silly to argue for a flat, nationwide price for a lamb chop to all classes of customers as it would be to demand a standard wage for all of us across the country. The wages are regulated by the government, through the union as they are in most of the trades, there is no reason why a man who makes \$125 a week should be guaranteed lamb chops at the price he paid when the same job paid only \$60. He ought to pay at least twice as much for everything because whatever it is that he is producing costs the consumers roughly twice as much. In many cases, he should be made to pay an extra penalty price for his eggs, underwear and house because a large portion of his wages — say about one-third — represents sheer extortion from the consumers.

This is the money he gets for mock-work, loafing, some classes of partial-to-partial time and artificial overtime. Artificial overtime is the doubletime for Saturdays which the government helps the unions to collect for men who insist on working Saturdays, but never show up on Mondays. They get on Monday's pay free and there are millions of them in on this. For that day's pay they produce no apartments, no automobiles or anything else.

Mock-work is various, but the hamburger man who gets \$20 a day as an oiler on a little engine running a pump or a hoist which needs only a date of grease in this case, a month is a good example. He puts in time gnawing his fingernails and he is usually in no-good in-law of some fine, home-loving, God-fearing family man in the council of the likes of Frank Hamme. He and it wouldn't be the worst idea to garnish them with ground glass.

If my arguments seem to suggest discriminatory prices under government control and if that suggests of fascism, I have expressed myself well. But discriminatory controls of wages in favor of certain groups are bound to inflict hardships on other bunches of people unless the same authority which compels the people getting extravagant wages to pay extravagant prices. I would be a wise criticism of the extortion of the building trades if their members had to pay six months' rent for five months' occupancy. They get six days' pay for five days on the job. It would be hard to say how much work they really do, but when you count out an hour a day at \$2.50 or \$3 an hour for travel to and from the office, coffee-time, morning and afternoon, 10 minutes for whistle-jumping at close of day, you shorten the work-week one more day.

Your honest artisan really gets six days' pay for four days' work, and even at that his production is retarded so much that you would be generous in stating that he delivers three days' work for six days' pay. The sheep in Montana has no way of feeding into his price at lamb chops double-time for the growing that his animals do on Saturdays. I concede that he must be doing well, for he is an arbitrary fellow who will quit sheeping at a minute when he suspects that he is a "sheep" like all the rest of the farmers, he is now a parasite with a vested interest and the price of chops includes a heavy subsidy paid by the government which he didn't want him that if he didn't reject Mr. T. he would be a historic mistake.

A few years ago when alarm gave rise to the unions were growing by leaps and bounds, always was "the struggle for what?" When Mr. Truman says 75 cents is too much for a lamb chop, what does he mean too much? Too much for a man drawing \$25 for four days' work? Or too much for a city girl with a dependent child on mother on a \$20 a week?

Magnolia Considers Bid to Oklahoma Papoose Bowl

Oklahoma City, Nov. 26 — (AP) — Eastern Oklahoma A. and M. College, Wilburton, today was named the host team in the third annual Papoose Bowl football game to be played here Dec. 3.

Mose Simms, chairman of the bowl committee of the sponsoring Wilburton Wisconsin of America, said the guest team would be named by tomorrow night. Eastern's season record is six victories, one tie and one loss. Simms said that under consideration are Joplin, Mo., Junior College; Magnolia A. & M. at Magnolia, Ark. Tyler, Tex., Junior College; New Mexico Military Institute at Roswell, N. M., and Pueblo, Colo., Junior College.

Fine Play of Line Gives Hope 14-0 Victory

The Hope Bobcats ended one of the most successful seasons at the college by soundly kicking the Scrapper 14-0 in a hard fought contest before some 5000 fans. The victory gave Hope a record of 10 wins against a couple of losses.

Hope pushed over a touchdown in each half, one on a 25-yard drive and the other on a sustained drive the entire length of the field.

Nashville as expected was highly keyed up and fought hard all the way but the masterful play of the line led by Westbrook, kept the Scrapper in trouble most of the time.

Time and again Westbrook, playing his best game of the season, broke through to throw Scrapper ballcarriers for losses. The entire game line simply coupled the Scrapper Nashville forwards. They thrust back 3 Scrapper scoring threats.

Coach Lester Bradley had his defense geared to stop Sutton and Britt's cut runs but in doing so they left the line open for the Bobcat backs cracked off tackle almost at will in the second half.

Nashville received and Hope recovered a fumble on the Scrapper 5. Huddleston did the heavy work through the line and Scrapper 5. Sutton circled right end to score and Bobby Joe Lee split the up-rights. The rest of the half was nip and tuck with Nashville going to the Hope 3 but when the ball went over on downs they had lost yardage.

The Bobcats took the kickoff to open the second half and marched straight down the field to score. The ball was set up by a 25-yard punt by Britt to the Scrapper 3, where Sutton hit the line to score. Lee made it 14-0. From then on the Hope line had charge of the situation, breaking through time and again to throw the Scrapper back.

Although they were tough all the way the Scrapper just didn't have it where it counted. It was the third straight Hope victory over Nashville.

Some Credit Where Its Deserved

Hundreds of Hope fans journeyed to Nashville yesterday to see the members of the Bobcat squad play their final game of the season. In that 15 are some mighty good football players.

It is the general policy to give most of the credit to the players of a football team with the others getting their share when they become seniors. But the play of several members of the Bobcat squad who will be back next year deserves special mention.

There is no way to give Burgess Garrett the publicity due him. The blood 175-pound Bobcat tackle has been the mainstay of the line all season — in fact he has never been injured and he is the heart of a game. Garrett is all-state material and if he continues to play as well as in the past he should get that recognition next season.

Other linemen deserving lots of credit and who set the pace for the football team include, Otis Keith at tackle, Gordon Beasley at guard, Richard Drumer at center.

Next year's backfield will include Wes Huddleston, Mitchell LaGrone, Edsel Nix and probably Roger Neal. Even the brilliant Sutton and Britt could not overshadow the play this season of Wesley Huddleston and Mitchell LaGrone, who will be "the" boys next season. Bobby Harris will also be counted on.

The open season on ducks and geese began at noon today and extends through Dec. 25. The daily bag limit on both is four, but geese hunters may only kill two Canadian or two white-throated geese daily, or one of each.

A feature of the first weekend of the season will be the annual mud boat racing contest in Sutton tomorrow.

The Arkansas state champion will be named in afternoon competition and will compete for the national title against champions of other states in a night contest.

Ten to thirteen million people go fresh-water fishing in the United States each season.

Arkansas and W&M Meet Saturday

By CARL BELL
Little Rock, Nov. 26 — (AP) — There'll be a thriller in War Memorial Stadium when William and Mary's Indians and the Arkansas Razorbacks match foot ball power and prowess tomorrow.

These are the teams which start a thriller in the Dixie Bowl at Birmingham, Ala., last Nov. 21-29. Some 30,000 fans will turn out in anticipation of an approximate replay tomorrow.

At both games are in the bowl picture again. William and Mary already has signed to play in Memphis' Delta Bowl Jan. 1. If it wins tomorrow, Arkansas is virtually certain of being the host team in New Year's Day game in Little Rock.

Chances are, however, that Saturday's battle would be just as promising an attraction if no bowl angles were attached.

In the first place, while Arkansas is a sevenpoint favorite with the oddsmakers, many observers feel the teams are much more evenly matched.

Also, each sports a spectacular "Mr. Outside and Mr. Inside" backfield team of the Dixie Bowl. For Arkansas it's Clyde (Smackover) Scott, the blazing Olympic hurdler, on the outside and Leon (Muscles) Campbell on the inside plunger. William and Mary has Tommy Korczowski for the end runs and powerful Jack (Flying) Cloud to handle the butting ram chores.

Campbell may find himself operating most of the time, however, as the Razorbacks' Ray Parks, a fast back, is out with a knee injury. In the tailback slot, Scott is sure to play, but because of a knee injury, may see only limited action.

There's a possibility that Cloud's activity will be restricted. He is listed for a starting assignment but has been troubled this week with a bad cold.

At least half a dozen other Indiana players are on the ailing list with flu and injuries and some of them may miss the trip here. Back Buddy Lex has been declared out of Saturday's game because of a knee injury.

Although William and Mary's defense was good enough to give the Indians a tie with nearby North Carolina, the Arkansas have spent more time on defense than on offense this week. Recalling that they had to come from behind twice to win the Dixie Bowl, the Razorbacks have worked especially on ways and means of stopping Korczowski's passing and the line wrecking smashes of Cloud.

Both teams were to arrive here in time for light workouts this afternoon on the campus of the University of Arkansas, Va., and the Razorbacks coming by bus from Fayetteville.

Three Pro Teams Have Title Chance

New York, Nov. 26 — (AP) The Cleveland Browns, Buffalo Bills and Philadelphia Eagles all have an opportunity Sunday to win a 1948 pro football championship.

Cleveland, kingpin of the All America Conference the past two years can clinch the circuit's western half flag and the Bills can grab the eastern division title.

The Browns, who downed the Los Angeles Rams 31-14 in a Thanksgiving Day game yesterday, take on the running backs in San Francisco, boasting a one game lead with two games to go. A 49er triumph will tie up the race.

Buffalo, 29-25 victory over the Chicago Rockets in the league's other holiday game, tackles the runaway Yankees in New York. A Buffalo triumph and a Baltimore defeat will move the Bills into the playoffs.

Philadelphia, idle yesterday, can snap up its second straight National League Eastern Division crown by routing the invading Pittsburgh Steelers while the Chicago Bears turn back the runnery Washington Redskins. The Eagles, winners of seven straight games, lead the skins by game and a half with three to go.

Yesterday the defending champion Chicago Cardinals topped the Detroit Lions, 28-14, to head their division. The Bears for the lead.

Otto Graham was the loudest voice in Cleveland's triumph over the Dons before 60,031 fans at Los Angeles.

Boudreau Is Most Valuable Player

New York, Nov. 26 — (AP) — Lou Boudreau was the most valuable player in the American League in 1948 — naturally.

Most everybody agreed on that a month ago. Now it's official on the vote of the 24man committee of the Baseball Writers Association.

The writers rated the athletes from one to 10 but Ed Burns of the Chicago Tribune, the retiring press ident, reports 22 of them named Boudreau first. The other two first place ballots went to Joe DiMaggio, the pillar of the New York Yankees.

If the vote had been taken after the World Series, the shortstop manager of the world champion Cleveland Indians probably would have made a clean sweep. But this balloting was done before the series, in fact, before the American League pennant was decided in the final week of the season.

Boudreau made a good case for himself on the playing field.

1. He played the most shortstop of anybody in the league.
2. He led Cleveland to its first star and series victory since 1920.
3. He hit .355 second only to Ted Williams, the champ.
4. He worked out the pickoff play that created such a stir in the series.

The standings, figures on a point basis of 14,037,654,321.

1. Lou Boudreau, Cleveland (22)
2. Joe DiMaggio, New York (21)
3. Ted Williams, Boston, 171.
4. Vern Stephens, Boston, 121.
5. Bob Lemon, Cleveland, 101.
6. Joe Gordon, Cleveland, 63.
7. Tommy Henrich, New York 63.
8. Gene Bearden, Cleveland, 52.
9. Hal Newhouse, Detroit, 48.
10. Eddie Joost, Philadelphia, 39.

Regular Play Ends for State High Schools

By The Associated Press
Except for a few moments of the championship playoffs, the high school grid season closed in Arkansas yesterday (Thursday).

Little Rock, with the first Big Six title already safely tucked away, played like champions in rolling 46-7 over North Little Rock. In the only other Big Six game, Pine Bluff walloped Hot Springs 34-6.

The two other Big Six entries took on nonconference opponents. Fort Smith defeating Subico 29-7 and El Dorado battling Camden to a 7-7 draw.

Most of the teams still in the playoffs won in games which have no effect on the championship, but two playoff teams fared badly. Fayetteville and Smackover, which will tangle for the Class AA title next week, came through this week with flying colors. Fayetteville took Memphis Catholic High 35-26. And Smackover thrashed Warren, a team still in the Class A playoffs, 34-12.

Pocahontas, a Class B contender, scored a 27-7 victory over Walnut Ridge. Another Class B aspirant, West Memphis, suffered its first defeat of the season on humiliating fashion, falling 7-10 before Hughes.

Paragould Class A opponent of Warren next week, whipped Jonesboro 29-7.

Results of the games yesterday included:

Hope 14, Nashville 0.
Texarkana, Tex., 20 Texarkana, Ark., 14.
Paragould 28 Jonesboro 7.
Forrest City 14 Wynne 12.
Magnolia 35 Fordyce 0.
Harrison 33 Husville 6.
Sardis 20 Brinkley 6.
Riverside 13 Newport 7.
Hamburg 6 Crossett 6 (tie).
Helena 12 Marianna 6.
McGehee 13 Dermott 12.
Mena 19 DeQueen 7.
Conway 46 Morrilton 0.
Gretna 46 Knob 0.
Gillett 40 Elaine 18.

Doves and pigeons have no gall-bladder, for storing bile, though they produce it in their livers.

Angelo. The great quarterback threw two touchdown passes in the first half and then sneaked over from the end in third period to break a 14-14 tie.

1909 Porkers to Be Honored Saturday

Little Rock, Nov. 26 — (AP) — The University of Arkansas one of its brightest football stars early in this century are staging a reunion here and will watch their modern counterparts in action against William and Mary tomorrow.

Hugo Bezdek, who in 1909 coached the only undefeated, untied team in U. of A. history, is here for four days of looking back to the "old days" with about 30 of the men who played under him. His wife is with him.

Bezdek, a backfield great at Chicago University, in his playing days, was head football and basketball coach at Arkansas from 1908 through 1912. Later he produced powerhouses at Oregon and Penn State. Now retired, he resides at Doyleton, Pa.

"Bez," as his athletes called him will be guest of honor tonight at a banquet given by his former players. He also is to attend a Razorback Club breakfast tomorrow and will be on hand for the football game in the afternoon.

Among the Razorbacks of the Bezdek era who have signified intentions of attending tonight's banquet are:

Ray Wood, Fayetteville; P. C. Humly, Harlingen, Tex.; Ray Davis, Little Rock; Russell May, Chicago; Frank Bryan, Groesbeck, Tex.; Grady Miller, Little Rock; Clint Young, East St. Louis, Ill.; Walter Dwyer, Ardmore, Okla.

Charles Tompkins, Prescott; Jerry Allen, Fort Smith; C. C. (Hog) Allen, Little Rock; Gervase Blakey, Akron, Ohio; Elie Ellington, Booneville; W. E. Bradford, Harrisburg; Boyd Cybert, Washington D. C.; Rodney Stout, Siloam Springs; Jake Rhyne, Atlanta, Ga.; George Schachling, St. Louis, Mo.; J. T. Rudd, St. Louis Lee Martin, Warren; O. C. (Jack) Thomas, Armory, Miss.; John Vann, Shreveport, La.; Steve Creekmore, Fort Smith; Bert Harb and Harper Harb, both of Little Rock and A. Poff, McGehee.

Marriage rites in the Andaman Islands consist simply of publicly placing the bride on the bridegroom's lap.

SPORTS ROUNDUP

By Hugh S. Fullerton, Jr.

New York, Nov. 26 — (AP) — Clarence Picon, the 16-year-old apprentice rider who is burning up Maryland tracks, has nine brothers back in Texas. Two of them ride quarter horses there. Ya Ya Little of the Baltimore Colts threw 115 forward passes and completed 61 of them between his first and second interceptions this season. When the U. of Virginia retired Bill Dudley's Number 33 jersey for the second time, one Cavalier suggested: "Maybe our whole team should retire this week before we play Carolina."

One More Needed

Southern Methodist's Doak Walker, who has been called a player-coach and a one-man team, has turned legislator for the benefit of the Austin, Texas, American Statesman. . . . Queried about football rules, Walker proposed changes to eliminate "the unfair use of knees, elbows and fists under the pretense of blocking" and to provide as much protection for the forward passer after he has thrown the ball as is given to the kicker. . . . It's all in the rule book, Doak, if the refs will enforce it. . . . And how about something to give defenses more protection against guys like Doak Walker?

Pigskin Pickings (Final Edition) Penn State vs. Washington State State's banner, stained by Pitt

Will go to the Wash. and be cleaned a bit. Army vs. Navy The Cadets will crown That two-plat-tune. Georgia Tech vs. Georgia We think, by heck, it's Georgia, not Tech. Oklahoma vs. Oklahoma Aggies The Sooners will roll Right into some bowl.

Brown Study

Probably the hottest football argument of the nation has been raging for two seasons in the home of Earl Brown. Another football coach, Earl, a Notre Dame graduate, naturally claims his alma mater's boys (since he can't claim Auburn, Mrs. Brown, the former Dorothy Demard, is a graduate of Michigan. Alas, her younger child was All-American center in 1932. . . . Somebody had better beat one of those teams so the Browns can decide which pennant to fly over their house.

End of the Line

Don't be surprised if Vanderbilt turns up in the Orange Bowl New Year's Day — if nothing happens and happens in tomorrow's Tennessee game.

The egg of the Australian emu requires 10 days to hatch.

The fact that a dove does not have a collaborator, which is significant regarded as the seat of bitterness and bad temper, led to its selection as a symbol of meekness and peace.

Bowl Lineups to Be Made This Weekend

New York, Nov. 26 — (AP) — College football infolds its most colorful spectacle—the Army-Navy game—at Philadelphia this morning, but no bowl sponsors will be looking the other way.

They'll be focusing attention on the South which is expected to fill most of the remaining open spots in the postseason schedule. The present list of leading bowl eligible teams includes five Dixie teams—Clemson, North Carolina, Georgia, Tulane and Mississippi—plus Oklahoma, the Big Seven champion Oklahoma A. and M. at Stillwater, Penn. and Oregon, the latter "Pac-8" California beat out for the Rose Bowl bid.

Of these, all but Oregon, which has closed its schedule, will be in action on the 1-11 fall Saturday of the 12th championship.

The Cotton Bowl at Dallas is still looking for an opponent for Southwestern, the Sugar Bowl at New Orleans and the Orange Bowl at Miami must complete their entries.

At South Bend, Notre Dame will be seeking to extend its unbeaten string to 27 games against Washington and wipe out a university record set by Knute Rockne's

great 1929-1930-31 teams.

Clemson, one of the five unblemished powers, will try to raise its bowl stock by beating Auburn at Mobile. A.M. Once tied North Carolina will take on Virginia at Charlottesville.

Traditional conflicts face the three Southern conference champions—Tulane, Mississippi and Georgia. Long leaders once, they are fighting to both the conference championship and a bowl date.

Georgia is host to Georgia Tech at Athens, Mississippi meets all-SEC State at Oxford, Tulane battles Louisiana State at Thibodaux, Vanderbilt, which has come home last season, and a pair of section openers—Tennessee in another Dixie showdown.

Oklahoma's Big Seven champion, Tulsa and Mississippi also place close their campaign against Oklahoma A. and M. at Stillwater.

Arkansas Tech, winner of the Southwest Conference title, battles Texas Christian at Dallas.

Tan Intercollegiate (Tex.) and Michigan State at Santa Clara on Palm

in the Early Bowl at Johnson City, Tenn. Illinois Wesleyan and a significant job of protecting its goal line against a Reddie band which gained more ground.

Arkansas State Teachers College closed a disappointing season by turning back the College of the Ozarks 22-14.

Arkansas College will entertain Louisiana College at Batesville Friday night in the final regular season game.

At least three postseason games are on the AIC docket. Ouachita will meet Southwestern State of Monroe, La., Dec. 11. Durant, Okla., in the Texoma Bowl at Denison, Tex., Dec. 11 and Har-

Magnolia and Tech Tie for AIC Title

By The Associated Press

Arkansas Tech. and Magnolia A. & M., as expected for weeks, finished the 1948 football season tied for first place in the Arkansas Magnolia line.

The conference constitution stipulates that the defending champion retains the crown if it is tied for first place. And this is the fourth straight year Tech has topped the heap.

Magnolia barely made the grade. The Muleriders had to depend on the good right foot of Jack Scott

to defeat Arkansas A. & M. 7-6 at Monticello. His conversion that meant the difference was his 22nd in 29 tries this year, believed to be an AIC record.

The Muleriders' touchdown came in the first quarter. James Ethe ridge running 19 yards and later, leading to Don Crews, who covered the last five yards in paydirt.

Arkansas A. & M. scored in the third quarter on a six-yard plunge by Jimmy Smith, but Craig Bon-

finished the 1948 football season's pick for point went into the

straight victory at the expense of Tech's Wonder Boys had an

possession time of it yesterday, routing Hendrix 47-7. The shortest of the game's eight touchdown plays covered 13 yards. One scoring play, the runback of an intercepted pass by Carl Weatherston of Tech, went the full length of the field.

The Ouachita Tigers, who started slowly this season but roared back to gain two postseason en-

gagements, scored their seventh straight victory at the expense of their archrivals, the Henderson

Reddies, 20-7. Ouachita did all its scoring in the first half and then

secured a significant job of protecting its goal line against a Reddie band which gained more ground.

Arkansas State Teachers College closed a disappointing season by turning back the College of the Ozarks 22-14.

Arkansas College will entertain Louisiana College at Batesville Friday night in the final regular season game.

At least three postseason games are on the AIC docket. Ouachita will meet Southwestern State of Monroe, La., Dec. 11.

Durant, Okla., in the Texoma Bowl at Denison, Tex., Dec. 11 and Har-

bin-Shamons University in a bowl bids.

Chicago Prison Break Leaves One Dead

Chicago, Nov. 26 — (AP) — One prisoner was killed and eight others surrendered after nine criminals saved their way out of the Cook County jail last night and were trapped in the jail yard.

Two jail guards thwarted the daring attempt of the nine prisoners to climb over the 22-foot wall after escaping from their first floor

cells. Shrine charity game at Little Rock Dec. 13. Little Rock Junior College will play South Georgia Junior College in the Junior Sugar Bowl at Monroe, La., Dec. 11.

Will Battle Indictment for Lobbying

Washington, Nov. 25.—(AP)—Roger C. Slaughter, the third Democrat President Truman purged from Congress in 1936, today mapped a "fight to a finish" against a lobbying indictment he called "politically inspired."

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

DOBBIE'S

The 43-year old former representative was accused by a federal grand jury yesterday of failing to register with Congress as a lobbyist for grain interests who, the jury said, paid Slaughter over \$33,000 for his services.

The indictment was returned after a three months investigation by the Justice Department. It charged Slaughter with violation of the lobbying act—passed the same year Mr. Truman successfully fought the Kansas Citizens' reelection bid.

Slaughter said, however, the department "not only knows that it cannot make a case, but likewise knows that my contracts of employment, in writing, as drawn by me specifically exclude 'lobbying activities' for Congress."

He said that one grand jury decision to act "after hearing all the witnesses" whereupon "the department sought to persuade another jury to act, which it has."

"This misdemeanor indictment is not unexpected," Slaughter's statement added, "although it was difficult to believe that a political grudge fight would be carried to the point of utilizing the Department of Justice."

Slaughter said he plans to "fight this matter to a finish and demonstrate for all to see how far machine politics has crept and taken over the judicial fair and impartial administration of justice in this country."

After his election in Congress in 1942, Slaughter served on the powerful House Rules Committee where he stirred Mr. Truman's ire by teaming with Republican members in opposition to many administration proposals. In the 1936 Missouri Democratic primary the president came out for Slaughter's opponent, E. A. Tamm, who won but lost in the general election to Republican Albert L. Reeves, Jr.

In yesterday's court action, the grand jury charged that Slaughter got \$25,000 salary and \$10,500.13 in expenses for "attempting to influence" legislation of the 80th Congress on behalf of the Kansas City and Chicago boards of trade and the Minneapolis Grain Exchange.

The jury also reported that he got \$7,500 salary and \$2,507.44 in expenses from the North American Export Grain Association, Inc., of New York City.

On-Farm Employment Hits All-Time Peak in Arkansas

Little Rock, Nov. 22.—(AP)—Non-agricultural employment in Arkansas hit an all-time high in mid-October, the state employment security division reported today.

The division said total employment of that classification last month was 254,000—or 2,600 more than the mid-September total.

There were 40,200 persons employed in manufacturing alone last month. This was an increase of about 700 over the previous month.

The Ferris wheel takes its name from its designer, George W. Ferris, American engineer and bridge builder.
